The Honorable Judge Anthony J. Trenga
United States District Judge

Dear Judge Trenga,

I am writing this letter to introduce myself as a friend of Mr. Harold "BJ" Gallison. I am a handyman in southern California and I met BJ in early 2008 when he responded to an ad of mine on Craigslist seeking work. After completing a project for him, he hired me for more work, as he was pleased with the results. Over the course of 8 years I did many home improvements for him and his family. During this time I became a family friend spending time with them during holidays and such. I was more like a family member than a friend, we were very close.

During these 8 years I witnessed first hand the type of husband and father he was. He was/is a hands on father taking his 2 children to and from school/school functions daily. Preparing meals for them and spending quality time with them was an everyday occurrence. I also witnessed many times he and his wife would go on what he would describe as a date.

BJ is a very compassionate man. I once observed him rescue a friend who was having a serious struggle with alcohol and provided a safe place for him to recover in his home. In February 2014 I was diagnosed with advanced prostate cancer and had to undergo surgery. I was unable to work for a while and was having difficulty paying my rent. BJ paid my rent for me and let me work it off over a long period of time doing various projects at his home. Without his help, I would have become homeless. In my opinion, BJ is definitely one of the most genuinely decent people I have ever met. If anyone deserves a second or third chance to change his life, it would definitely be Mr. BJ Gallison! Thank you, your honor for considering my letter in determining an appropriate sentence.

Sincerely,

Robert J. Haase
